

ATHARVA BORKAR

+91 8433568791 atharva.borkar28@gmail.com [.linkedin.com/in/atharva-borkar](https://www.linkedin.com/in/atharva-borkar)

Summary

Dedicated graduate with a passion for learning and innovation. Possesses strong technical, analytical, and communication skills with the ability to adapt to new challenges and work effectively in collaborative environments. Interested in developing professional skills and contributing to impactful projects. .

Skills

Programming: Python

Data Analytics: Data Analysis, Data Visualization, Power BI, Excel

Web Development: HTML, CSS

Platforms: Jupyter Notebook, VS Code, Google Collab

DataBase: SQL ,DBMS

Experience

Data Science Intern

Dec 2023 – Jan 2024

YBI Foundation — (Remote)

- Gain In Depth Knowledge and Hands -on Experience on Power Bi And Excel.
- Explored Python Libraries used for Data Cleaning and Data Visualization
- Analyzed and processed multiple, diverse datasets to clean, transform, and extract meaningful business insights through comprehensive data analysis techniques.

AI ML Intern

July 2024 – Sep 2024

AICTE — (Remote)

- Explored and gain hands-on experience in Python libraries such as Pandas, NumPy,Tensor flow and Scikit-learn .
- Implemented and tested supervised ML algorithms .Conducted experiments on model evaluation (accuracy, precision, recall) using Scikit-learn
- Applied practical AI/ML concepts and techniques, building proficiency in algorithms such as Regression,Clustering.

Projects

Cartoonify the Image | *Python*

- * Used Generative Adversarial Networks (GANs) to convert images into cartoon-style visuals..
- * A normal Image is transformed to cartoon style with the interface.
- * Implemented image preprocessing with OpenCV and trained the model using Python Libraries.

Aadhar Card Information Extraction | *Python*

- * Applied Optical Character Recognition (OCR) using Tesseract to extract text from scanned Aadhar cards.
- * Automated the process of recognizing and storing data (Name, DOB, ID) into Excel using OpenPyXLI.

IPL Live Tracking Dashboard | *Power BI + Rapid API*

- * Designed and developed an interactive Power BI dashboard to track live IPL match data including player stats, team performance, and points table.
- * Integrated Rapid API to fetch real-time cricket data and automate updates using API calls.Utilized Power Query for data cleaning, transformation, and normalization to ensure accuracy and consistency

Education

B.E in Artificial Intelligence And Data Science With Honours in Cyber Security Aug 2021-June 2025

Vasantdada Patil Pratishthan's College Of Engineering And Visual Arts,Sion

CGPA: 7.85 / 10

HSC (Science)

June 2019-July 2021

Guru Nanak Khalsa College,Matunga

Percenatge:86

Awards & Certifications

- **DATA ANALYTICS VISUALIZATION JOB SIMULATION –ACCENTURE(FORAGE):**Performed data cleaning, modeling, and visualization tasks to provide strategic business recommendations..
